William Woods University

Horse Bowl Practice Sessions

The School of Equestrian Studies at William Woods University is excited to offer a variety of resource and practice sessions for Horse Bowl competitors and coaches as well as horse enthusiasts. Mark your calendars for the dates below.

Saturday February 1st 10:00-2:00 HORSE BOWL FUN DAY

Participate in an informal horse bowl competition that will allow you and your team to practice with the buzzers and in the horse bowl format. The very first round of a contest can be intimidating, so this will give your team a chance to shake off their nerves in a friendly and encouraging environment. While it will be set up like a regular horse bowl contest, we will allow coaches to interact with their teams and provide helpful hints and suggestions for improvement. Teams must pre-register to participate. LOCATION: WWU BURTON BUSINESS BUILDING

GENERAL INFORMATION:

Pre-registration and RSVPs will allow us to be fully prepared with adequate space and materials. However, if you decide you can make it at the last minute, just let us know!
